THE NORMAN KNIGHT NURSING CENTER FOR CLINICAL & PROFESSIONAL DEVELOPMENT

Date: April 26, 2024 | Time: 08:30am – 12:30pm | Locations: Zoom

2nd Annual Regional Northeast Clinical Research Nurse Symposium: Revolutionizing Clinical Research: Navigating the Future with Artificial Intelligence (AI) Integration

Activity Description:

The utilization of AI applications has rapidly expanded, with AI-powered technologies increasingly integrated into healthcare and clinical research settings. This symposium aims to understand the background of AI, explore the integration of AI within clinical research and its potential implications for the role of the clinical research nurse.

Learning Objective(s):

At the end of this activity, learners will be able to
1. Describe what is AI and the current state of AI applications within clinical research.
2. Evaluate the potential impacts of AI on the role of the clinical research nurse.
3. Explore the potential challenges, opportunities and ethical considerations of AI.

Target Audience: Clinical Research RNs and NPs

Course Directors: Diane Kanjilal, MSN, FNP-BC and Sarah Chu, MSN, ANP-BC

Presenters/Faculty: Elizabeth Johnson, PhD, MS-CRM, RN, Angela Lavoie, RN, CIP, CCRP, Conor O'Brien, BA, Charlotte A. Seckman, PhD, RN, CNE, NI-BC, FAAN, Benjamin Silverman, MD

Credit Awarded: 3.5 ANCC contact hours
3.50 RN Credit Designation Statements
